LAKE CASES MAY BE TRIED IN THAT COUNTY

Attorney Hugh Preston motored to Lakeport last Friday to argue against the change of venue sought by the Yolo Water & Power company in the condemnation cases instituted by the company in that county. The company moved for a change to Ukiah. Judge Ogden, acting as superior judge in the Lake county court, held that Judge Finch, who has jurisdiction in these matters, should be the judge to decide as to the matter of the change of venue, and it will not be known just how he will decide for a few days, as he is out of the county at present.

A previous ruling by him in the Mariner case, however, would seem to indicate that the petition for change of venue would be denied and that the cases would be tried in Lake county.

POPULAR TEACHER WILL LEAVE

Miss Pearl Watkins, who has been teaching languages in the Ukiah high school the past three years with much success, has been offered a much better position at Coalinga and will take her departure in a few weeks for that place. Miss Watkins and her mother have made many friends during their stay in Ukiah and all regret very much to see them leaving.

NEW CASES FILED IN SUPERIOR COURT

Actions Begun the Past Week

Through Preston & Preston, J. M. Jenkins this week obtained an injunction against the Tieslow brothers, highway contractors, who have been working on the section of the highway just south of town, to enjoin them from damming the waters of Luce creek. The complaint alleges that the waters of this creek have always flowed across the lands now held by the plaintiff and that since the contractors have built a dam and stopped the flow of the water it has injured him. He asks that the injunction be made permanent.

Geo. Golden has brought suit against R. R. Byrnes, as sheriff, to obtain restitution of certain property in a billiard room in Fort Bragg, which was levied on by the sheriff under a writ of attachment and sold by him. The complaint alleges that the property, which purported to be owned by another party was in reality the property of Golden.

J. M. Mannon, through Chas. Mannon as attorney, has filed a petition for admission to probate of the will of the late Benson Walton. The deceased was a resident of Mendocino county and by the terms of his will leaves his estate, consisting of $200 to the charity committee of the local lodge of Masons.

GRANDMA KENNEDY DEAD

Peter Huff was called to Healdsburg the first of the week to attend the funeral of "Grandma" Kennedy, who passed away at that place last Saturday at the advanced age of 105 years, 4 months and 8 days.

MANY ATTEND OPENING OF VICHY SPRINGS

A large crowd attended the opening of Vichey Springs last Monday evening and all are loud in their praises of Bob Jones and his hospitality. The banquet was all that could be desired and the dining rooms were comfortably filled. A still larger crowd attended the dance after the banquet.

The many improvements recently inaugurated by the present management were inspected and duly approved by the guests. Mr. Jones has done a great deal toward bettering the resort and he states that he has made a bare beginning.

AUTOMOBILE OVER GRADE

The first of the season's automobile accidents occurred last Sunday when a car went over the grade on the Lake county road just this side of the summit. The machine was badly demolished, being brought in Monday by one of Miller's cars. The occupants of the car escaped death by a miracle. One of them suffered a broken arm.

SHELTON GETS VERDICT

The jury in the case of Shelton vs. McFaul et al gave a verdict in favor of the plaintiff last Friday. The case was to recover the amount alleged to be due as payment for a road which Shelton built for some ranchers on the north coast.

BOONVILLE TAKES DOUBLE HEADER

Two Good Games in Anderson

Boonville, June 1—The baseball season was officially opened here last Sunday when the local team took Navarro into camp in the morning and did the same thing over again to Point Arena in the afternoon.

The morning game was one of the kind you often hear about, full of thrills and close plays that make the fans stand up and holler their head off, and in spite of the fact that there had been a dance the night before, the grand stand at Singley park was filled to overflowing, which was very gratifying to the sight of ye local baseball magnate, "Hap Hogan" Rawles.

Clay, for Boonville, and Reilly, for Navarro, both pitched good ball, but somebody suggested that Steve had a bit of sawdust in his eye when he dished out that three-bagger to Vernon Rawles in the ninth.

"Dutch" Windom, though out of his position, played a great game for Boonville at third, handling his seven chances in the two games without an error, besides starting two of the three double plays.

Score	R.	H.	E.
Boonville	8	10	4
Navarro	7	6	10

The afternoon game was more of a pitchers' battle, Vernon Rawles did the twirling for the home team, while B. Bishop officiated for the "fog eaters".

Score	R.	H.	E.
Boonville	7	6	5
Point Arena	3	5	5

MANY HONOR MEMORY OF FRED M. ROEDER

Estimable Citizen Passes

The largest funeral cortege that has turned out for many months attended the funeral of Fred M. Roeder, which was held from the Presbyterian church last Wednesday afternoon. A line of vehicles half a mile in length followed the remains to their last resting place and as a mark of the regard in which he was held by his fellow merchants of Ukiah the stores were closed for an hour during the obsequies. Rev. Graham of the Presbyterian church delivered a very fitting address and the Masonic order took charge of the ceremony at the cemetery. The floral tributes were numerous and very beautiful.

Mr. Roeder passed away at his home in Ukiah last Monday evening, his death terminating a period of illness lasting since the early part of the year. He was born in Napa in 1876 and came to this county about 36 years ago, settling at Largo, where he engaged in ranching. About ten years ago he moved to Ukiah and with R. L. Hutchison went into the furniture and undertaking business which he followed up to the time of his death.

He was married to Miss Sadie Gibson, and the widow and two children survive, Isabelle, aged 8, and Murdock, aged 7. His mother also remains to mourn his loss and his taking away was a hard blow to her.

A number of relatives came from Napa to attend the funeral.

Mr. Roeder was a man of sterling integrity and one of Ukiah's most honored citizens and his family have the sincere sympathy of a multitude of friends in their beheavement.

ESCAPED PRISONERS STILL AT LARGE

The five prisoners who escaped from the county jail two weeks ago are still at large. They were traced to the Napa and Alexander valley sections in Napa county and Sonoma county respectively and there traces were lost. However, it is only a matter of time until they will be picked up. Sheriff Byrnes was called from the chase just as matters were beginning to warm up by the murder of Tracy near Cummings.

MARRIAGE LICENSES

Marriage licenses were issued the past week to the following couples:

Harry S. Babcock and Laura May Lilley, of Caspar; Wm. W. Williams and Violet Ileen Lilly, of Caspar; R. Baldechi and Mary Bacci; Luke Manchester and Lena M. Cummings; Richard Warren Wilson and Vickie Burns.

WILLIAMS APPLIES FOR HABEAS CORPUS

Chas. Kasch, attorney for Enoch Williams, the Indian who was arrested for burglarizing the Hirsch liquor store several days ago, has applied for a writ of habeas corpus in behalf of Williams. The matter will come up for hearing before Judge White this afternoon at 2 o'clock.

CHAUTAUQUA WEEK BRINGS MANY SPLENDID ENTERTAINMENTS

CIRICILLO'S BAND WILL BE HERE THIS AFTERNOON

Ukiah's first circuit chautauqua opened Tuesday night with a good attendance. The program by the Floyds was enjoyed by every one and the children had the time of their lives.

The chautauqua is being held in a big brown tent on State street. The tent is in charge of four college boys from the East. There is a cashier, gate keeper, property man and reserved seat man, a morning lecturer, a junior chautauqua superintendent and a general superintendent in charge.

This is the third year for the Ellison and White circuit on the coast. They are sending the same program that we have in Ukiah into seventy-six towns in California, Oregon, Washington, Idaho, Montana, Utah and Nevada. It is one of the very best programs that has ever been seen and heard on the coast.

The morning lectures by Mrs. Roberson are being enjoyed by all who attend. In fact these morning lectures are a feature of Ellison and White chautauquas, and in many places they are as largely attended as the afternoon sessions. Mrs. Roberson is a very able woman and her special lectures are an inspiration to her audiences. Every one who possibly can should plan to hear her every morning at 10 o'clock.

Miss Ruth Elizabeth Large, who has won the love of Ukiah children in her conduct of the junior chautauquas.

Miss Large, who has charge of the junior chautauqua, had some sixty children for her opening session Wednesday. The children are using the grammar school grounds for their games and stories. Miss Large is a teacher of expression and reader, a graduate of Perry school of oratory, St. Louis, Missouri, and she is well equipped to handle the children in this special work. The kiddies have taken to her wonderfully, and her junior chautauquas are a very enjoyable feature of the program. This is her second season in chautauqua work.

Between sixty and seventy different people will appear on the program during the week. Many of these people have never been on a chautauqua program in the west and they are delighted with California audiences. The talent comes here from Eureka and goes from here to Healdsburg.

The Schumann string quintet gave a very strong musical program Wednesday night. Senator Victor Murdock, of Kansas, pleased the afternoon audience with a lecture on "Every Man A Monarch." Senator Murdock is probably the third man in the Progressive party of the nation. In order that the Ukiah folks who could not attend yesterday afternoon might hear him, the superintendent had Mr. Murdock appear on the platform for ten minutes Wednesday night.

Yesterday we had the Saxony singers and Mrs. A. C. Zehner for the afternoon program, and the Saxony singers and Nelse Darling for the evening program. The Saxony singers gave a fine program of comic opera. Every member of the company is an artist of real merit.

Mrs. Zehner, who comes from Dallas, Texas, has been given the commendation: "The best lady speaker on the American platform." Her lecture on "American Ideals" fully bore out all that has ben said of it.

Nelse Darling is a natural story teller and is the leading community development man in the country today. His lectures were largely attended and the ideas advanced by him will furnish food for much profitable thinking along the lines of local boosting.

Friday, today, is the big music day. In the afternoon we are to have a great concert by Ciricillo and his Italian band, and in the evening Signor Ciricillo will give the great opera "Il Trovatore" in four acts. The opera singers will be accompanied by the whole band and under the able leadership of Signor Circillo it will be an evening of music long to be remembered by our town.

The remainder of the program is fully as strong as the part which has gone before. The crowds have been growing larger with every session and every one finds something that suits his or her individual preference in each program. Sunday will be devoted to lecture and a sacred concert. Monday will close the program with two strong lectures and an evening entertainment consisting of a grand concert by the Swiss Yodelers and cartoons by Evelyn Bargelt, a big double program.

The merchants and others who put up the guarantee to bring the chautauqua here deserve much credit for their unselfishness and enterprise. The guarantee was made up by the sale of tickets with the exception of $7.50 per member, which was dug up by them from their pockets.

Mr. Purlee, who has been the man behind, is a live wire, and the Ellison-White people are fortunate to have so aggressive and tactful a superintendent on the job.

Mrs. Stradley brought suit for damages on account of the destruction of her automobile by a falling tree. The complaint states that the automobile party received no warning when approaching the place where woodcutters in the employ of the defendant were working and that the tree fell across the car, badly wrecking it.

Preston & Preston appear for Stradley, while Thomas & Thomas are representing the defendants.

A large party of Mendocino and Comptche people were in Ukiah yesterday, among them being Miss Laing Chambers, C. B. Mallory, Leslie Jeffries, Misses Hayzel and Ethel Mallory and Cecil Mallory.

OLD TIME EDITOR PASSES TO REWARD

H. A. Peabody Dies at Santa Ana

Henry Adams Peabody, well known to many old Mendocino county people as the owner and editor of the Dispatch-Democrat at one time, died in Santa Ana on April 25th after a long and painful illness. He was seventy-eight years old at the time of his death.

Mr. Peabody was a man of the most sterling qualities, of strong convictions and a Jefferson democrat of the purest type.

He came to California across the plains in 1857, returning to Missouri and enlisting under Gen. Price at the beginning of the rebellion. He was raised from the ranks to a captain and fought throughout the war. Returning to California, he associated himself with T. L. Thomsam in the Sonoma Democrat, which he conducted for many years, and was postmaster of Santa Ana under Grover Cleveland. His body was cremated in Los Angeles after a beautiful Masonic service in Santa Ana.

ALBION TEAM TOO STRONG LAST SUNDAY

Ukiah Handed Little End

The small end of a score of 4 to 1 was handed to Ukiah by the Albion ball team last Sunday at Albion. A hard wind marked the festivities, and the pitchers on both sides, not to mention the other players, had a hard time to place their throws. However, it was as fair to one as it was to another and the Ukiah bunch had no kick coming. But they are thirsty for the gore of the Albion aggregation and state that the score will be reversed if it is possible to do so when Albion comes to Ukiah.

The Ukiah boys have obtained the Perkins property on east Perkins street and the work of scraping and leveling the diamond is going on under the direction of L. P. Anker. A new board fence and grandstand will be put up at once, and it is hoped to have the grounds in condition in time for a game a week from Sunday.

This coming Sunday the team will go to Fort Bragg and engage the team there in combat. Fort Bragg has a hard bunch, it is stated. They beat Caspar last Sunday by a score of 8 to 3.

Many good games are already in prospect. Wendling, Philo, Boonville, Point Arena and Willits all have teams in addition to the towns mentioned above, and an endeavor will be made to form a sort of bush league.

CLARENCE TRACY SHOT AND KILLED

Mysterious Murder Near Cummings Friday

MEANS AND WIFE ARRESTED

Later—Regarding the Tracy murder Sheriff Byrnes said this morning, when interviewed by a Dispatch reporter:

"You may say that we have obtained a statement before witnesses from Means which will result in a conviction in this case." When asked as to who did the shooting, he said further: "Our theory was about right."

As Mrs. Means was believed by the sheriff to have shot Tracy this would indicate that the statement obtained from Means fastens the crime upon her.

Clarence Tracy, a well known rancher of the Cummings section was discovered dead near his cabin last Friday evening by his brother Lawrence under circumstances that point to a foul and cowardly murder. Sheriff Byrnes and District Attorney McCowen were summoned Saturday and departed that morning for the scene of the crime. Mr. McCowen returned Tuesday and the sheriff Wednesday. The latter has taken into custody Millard Means and wife, who reside in that neighborhood and with whom Tracy has had trouble. From the sheriff and the district attorney we glean the following facts connected with the affair:

Tracy had been staying at his mother's home, about a mile away from his own cabin, and on the evening of the murder had gone to his cabin horseback. Here he tied his horse and remained for a time, then came out, remounted, and started up a trail. He had gone but a short distance from the cabin when evidently he was hailed by someone over near the road, which here runs not far from the trail he was on. He left the trail and went over to the road and dismounted. Evidently he had been challenged to fight by someone, as he took off his coat, and during the fight he was shot by a third party in two places with a 38 revolver, one ball entering near the right kidney and lodging under the skin on the breast and the other entering near the right collar bone and ranging downward into his body. His movements as stated above were established by Andy Bowman, one of the best trackers in the country, who examined all the traces in the vicinity. Later Bowman attempted to establish the trail of the murderers, but by the time he got to this the neighborhood had been so badly tracked up by visitors that he was unable to do anything.

Late in the evening Mrs. Tracy was out on a hill from which she was able to see the road in the vicinity of her son's cabin and she noticed his horse standing with its head jerked up, the reins having been tied to the saddle horn. Fearing that he had met with some accident she sent her other son, Lawrence, to look for him, and the latter discovered the dead body. They made no examination of the body and did not know until the next day that Clarence had been shot. They camped beside the remains that night, after having sent out for aid.

Upon arriving at the scene of the murder Byrnes and McCowen made inquiries and conducted an examination of the neighbors and of the Tracy family. It was ascertained that Tracy had had much trouble with Millard Means and his wife over stock and after investigating a little more fully the sheriff decided to take the couple into custody. It is stated that he had a witness to prove that they were in the vicinity of Tracy's cabin that afternoon, but it is thought that as the evidence will be purely circumstantial a conviction will be difficult to obtain.

The Tracy family have engaged Robert Duncan to assist District Attorney McCowen in the prosecution of the case.

It is Sheriff Byrnes' theory that Tracy and Means engaged in a fight and that Mrs. Means did the shooting.

SUNDAY SCHOOL KIDS ATTEND CHAUTAUQUA

Rev. Lynn and Rev. Adams of St. John's church and the Christian church respectively took their Sunday school students to attend the chautauqua last Tuesday evening. The youngesters had a "bully" time judging from their expressions.

MAIL BOXES WILL BE HERE SOON

Another Step Forward for Ukiah

Postmaster Will Hagans announces that the government has decided Ukiah deserves a mail collection service and to that end is sending us 17 mail boxes, which will be distributed over the city in various places where they will be the most convenient to the greatest numbers. The boxes are already on the way and will be here very shortly and will be installed immediately upon their arrival.

There will be no provision made as yet for the collection of packages but the service will include the collection of letter and paper mail. The innovation will be a big advantage, as it will save many steps to the postoffice. The housewife will be able to step to the corner and post her letter instead of confiding it to hubby to be carried around in his coat pocket for several weeks before being mailed and hubby will be saved the necessity of telling many lies and making many explanations when his perfidy is discovered.

The collections will be managed by the present force for the time being, no addition being made unless it should be found necessary. There will be two collections a day.

REDWOOD VALLEY

Redwood Valley, June 2—The late rains made the feed fine. Many are cutting volunteer grass hay. Pomo Bros., M. Colin, Finnish colony and Bert Hinton have secured hay in this way.

Dr. Van Allen passed through Calpella last week accompanied by Dr. Holder.

C. A. Bernard, secretary of the Farmers' club, was a visitor at F. R. Sellman's ranch last week.

Mrs. P. T. Lynn, of Ukiah, took dinner with Mrs. Fancher last Thursday.

Harry Maze passes through our berg every day on his new motor cycle. Harry has charge of this section of the highway. Clarence Roundtree has been running the big steam roller over the highway again.

Wayne Meredith, the state highway engineer, was a caller at Calpella last Saturday.

Jno. Regan has bought forty acres of land east of Calpella.

Ed Ricker has been busy cutting wood with his wood saw.

W. H. Archibald's horse ran into a scythe and cut his legs severely.

Roy Ford took a load of hogs to the metropolis Saturday.

The stork left a six and a half pound boy at the home of Quinn Hughes last week. Dr. Van Allen was the attending physician.

Rev. P. T. Lynn preached a very interesting sermon at the Calpella school house last Sunday afternoon. He answered certain criticisms directed against the church and the clergy, and explained how the bible sanctioned the church, the ministry and their support. His discussion was of a very courteous and kindly nature.

Several teams have been busy hauling manganese during the past week. It was too wet for the auto trucks, but they are busy again now.

J. B. Searing has a nice field of corn among his young fruit trees.

R. H. McConnell, a former resident of this valley, was down from Willits on business the first of the week.

W. I. Hurt sold two of his Jersey heifers for $130. Mr. Hurt is very proud of his stock and keeps the very best.

Charley Silberhorn returned Tuesday from an extended visit to the bay cities and the exposition.

Mrs. Chaffie spent several days in Ukiah visiting friends the first of the week.

Walter Carter unfortunately cut his foot quite severely while chopping wood.

The improvement club is planning a picnic in the near future.

The members of the ladies' club are faithfully practising a play which they expect to stage the latter part of this month.

Mrs. Guy Joslin departed last week for the bay cities where she will visit friends.

W. F. Jameson spent a few days in Ukiah the first of the week visiting.

The evangelists still continue their meetings at the Calpella school house. They have been quite successful.

We have an auto bus running from Ukiah to Willits now. The fare is the same as the train. Many will doubtless patronize the new enterprise.

This is strawberry time. F. H. Gifford, M. J. Fancher, W. I. Hurt, F. R. Sellman and Ellis Bros. have berries to sell.

Mrss. M. J. Fancher gave a picnic to her Sunday school scholars last Monday.

Mr. and Mrs. Tom Lawrence, of Ukiah, visited friends in the valley Sunday.

O. B. Neal has returned from San Francisco.

Dr. J. F. McClure, of Ukiah, was a caller in the valley last week.

GUALALA ITEMS

Gualala, May 31—Yesterday being Decoration day and Sunday, many of the schools have taken today as a holiday.

Rev. Baker, of Point Arena, returned on Saturday from his outing at Del Mar to resume his duties in the Presbyterian church of Point Arena.

A picnic at Fish Rock beach is talked of for the near future.

The weather appears to be settled at last, a fine north-west wind blowing today.

Rev. D. Munro, of Point Arena, paused to give us greeting on his way home from a tramp through Annapolis, where he visits every one from the highest to the lowest. His practice of house to house visiting could be imitated with profit by the other ministers of this section. Many of us who live too far from a church would never see a minister if it were not for Mr. Munro's kindly calls.

The road from Point Arena to Gualala is in fine condition. The last rain served to pack and smooth it. Loose rocks have been removed by hand, and now, when the young man wishes to take his best girl out in his auto, he can be sure that she will enjoy it.

J. W. McMillen, of Fish Rock, is doing quite a good business in the poultry line, raising chickens for market, and also in the sale of day-old chicks.

We are sorry to learn of the serious illness of Henry McMillen, of Annapolis, and hope for him a speedy recovery.

Master Clarence Nicks, of Point Arena, visited Jas. F. McNamee, Jr., the end of the week.

Miss Lillian Bauman spent the week end with Mrs. Geo. Campbell of Schooner Gulch.

Gualala, May 31—On Monday of last week, Mr. Smith, of Loma Vista, had the misfortune of having a fine mare fall in a place that was intended as a reservoir and which was nearly filled with water to the depth of seven or eight feet. They soon discovered her, however, and by calling on their neighbors for help and with the aid of block and tackle, they were able to lift her out, and with good care and attention by rubbing and exercising her, were able to save her life, much to the joy of Mr. and Mrs. Smith, as "Babe" had always been such a pet around the home.

Mr. Harry Nobles came back from Plantation after a few weeks there helping on the ranch of his cousin. He returned quite ill, having contracted a very severe cold which developed into pneumonia, leaving him in a critical condition.

Every other man you meet this week is on his way to Gualala to secure a position from the company. They are just getting ready to start up business. They have several men busy making buoys and calking up the lighter, with a view of replacing the moorings which have gone out on account of the rough weather. This, indeed, is good news to all along the south coast, as we almost despaired of Gualala ever reviving again. Many who had moved away last fall are now returning, among them Mr. and Mrs. Dexter and Mr. Corry.

We were quite favored on Sabbath day by a visit to our town of Rev. Baker, of Point Arena, who gave us a very able discourse at 11 a. m. It was with reluctance many were persuaded to enter the church owing to the building being so unsafe. The recent heavy north wind gave it a shakeup, taking down the fire flue and wrecking it in general and taking out some of the foundations. By the way it is moved by the wind, and by the creaking, one would expect it to fall at any time. Many were almost too nervous to be attentive listeners, I fear. It is to be hoped our new company will at once take up the matter and see that the repairing is done to save the pretty little church that was such a pride to the town of Gualala in years gone by.

Mr. and Mrs. Winlox and child, of Fort Bragg, motored to Anchor bay last Sunday to visit her parents and the home of her childhood. They made the drive in about three hours, which seems quick traveling to most of us who are used to a slow old horse.

Mrs. George Brandt, accompanied by her son, was a passenger on Wednesday's auto stage for San Francisco to enjoy the exposition and to visit relatives in Stockton.

We understand Port Lawson is to have charge of the woods as boss for the Gualala Co., at which many express their pleasure, as the gentleman comes to our coast with a good reputation.

Quite a large band of yearling cattle were driven down our coast last Wednesday, for Sonoma county. There were about 135.

BOONVILLE BUDGET

Boonville, May 31—The sun has been shining a few days and every one is busy either cutting hay or shearing sheep. Several crews are busy in the valley at the present time. The sheep men are feeling fine over the prospect of high prices for both wool and mutton this spring.

Quite a crowd gathered at the cemetery last Saturday and did a great deal of work. It certainly improves the looks around there a great deal. Clem Heryford and family, J. B. Sanders and wife were some of the Peachland people that were working in the cemetery.

Port Lawson went to Gualala last week on business.

The Boonville base ball boys played two matched games last Sunday and won both of them. The morning game was with Navarro. It certainly was a close and exciting game. The score stood 8 to 7. The game wasn't finished till 1:30 o'clock. The boys took about 1 half hour for dinner and then were ready for the afternoon game with Point Arena. The afternoon game was interesting but not so exciting as the first one. The score stood 6 to 3. A large crowd attended from Wendling, Christine, Philo and Ornbaun valley.

Mr. and Mrs. Newt Ornbaun and family, of Ornbaun, visited in town Sunday.

The Anderson school closed last Friday.

Maultzy Cooney, of Bell Valley, was visiting in town last week.

Mrs. Sid Duff returned from Santa Rosa where she has been visiting her parents.

Sam Taylor, who is working in a bark camp near Christine, visited his sister, Mrs. Fitch, last week.

Ernest Farrar visited Ukiah last week and was accompanied home by his brother Lou, who visited with his parents over Sunday.

Miss York and Miss Nobles, of Ornbaun valley, attended the dance at Rawles Hall Saturday night, and took in the base ball game Sunday.

Dutch Windom, who has been visiting his sister, Mrs. Ries, at Concord for the last three weeks, came home last week.

Bob Rawles, of Calpella, is shearing sheep in the valley.

Mrs. S. Thornberry and Beatrice Wallach attended the dance last Saturday at Rawles hall.

Frank Cook and family motored up to Boonville last Sunday to take in the base ball game.

Ed Singley is making quite an improvement on the old McGimsey place south of town. He has torn down the old barn and is putting up a new one. He will tear down the old house that has stood there for 50 years.

MERCHANTS HOLD BANQUET

A number of merchants and professional men of Ukiah held a banquet at the Cecille last evening. They were addressed by Nelse Darling, who is lecturing for the chautauqua, and whose specialty is community upbuilding. About forty were in attendance.

Harold Hart has been in town the past week visiting his parents, Mr. and Mrs. Jack Hart. He is with the New York Life and is doing well.

These examinations are open to any young man 18 years of age or older who resires to enter the university farm school next September 17th. If he is a graduate from a high school accredited to the university, it will not be necessary for him to take any examinacions.

The entrance examination will cover English and Arithmetic. The examination in English will consist of the writing of a paper of about 500 words on one of several given subjects; that in arithmetic will be the working of problems, including the application of percentage to farm problems; the finding of averages, and the application of these principles to ordinary business and farm problems.

The opportunities for the young man who combines practical ranch experience with technical training in agriculture are increasing faster than the supply of well equipped men, and this county should have a number of young men taking advantage of the education the state is offering at the university farm school at Davis.

Of the 289 students enrolled this past year at Davis, 2 are from this county.

Through the co-operation of our county school superintendent, candidates taking this examination will know before they leave home whether or not they have passed, thus saving any unnecessary expense in going to Davis, unless they prefer to wait until the opening of school in September 17th before taking the examination.

Those wishing to take this examination please communicate with J. C. Hurley at Mendocino, Walter Hargrave, Covelo; Mrs. Anna Porterfield, Ukiah

HIGH SCHOOL

(Ross Ryder, Correspondent)

We are very sorry to announce that Miss Watkins is not going to be with us next year. She has just accepted a position in the Colinga high school, where she will keep up her usual excellent work in teaching Latin and German. The whole student body regrets very much the loss of Miss Watkins from this school but we are not selfish enough to want her to stay here when she can do much better in Colinga.

Miss Watkins has taught in this school for three years and has surely made a name for herself. Latin and German as studies have become twice as popular as they were in former times for the simple reason that Miss Watkins has discovered a way to make Latin not a dead language but a language full of interest and history.

Report cards are now due for their final marks. Cards will be out for the term's work next Friday.

The examination of the commercial arithmetic class was held yesterday.

The work of about thirty of the penmanship class will be sent in to the Palmer penmanship school to be examined for the awarding of the certificates of proficiency. Of this number it is estimated that about twenty four will get certificates. We all know this year's class in penmanship is especially good. This fact is also recognized by the Palmer people, who have written several times commending the work done under the tutorage of Mr. Conway.

The last lyceum program of the year was held last Friday and was good, considering the fact that several of the students who were to have taken part in it were unavoidably detained at home. The lyceum programs as a whole have been very successful. Nearly all of the students have taken part at least once in the year, much to their credit.

The senior reception, which came off last Saturday evening, was very fine to say the least. The refreshments which were served were certainly delicious. The hall was decorated very tastily in the senior color, red, and the windows and woodwork were decorated with evergreens. To the success of the reception Lucile Cleland surely did her part and that of about three or four more. But this is only repetition for every one knows that when one wants to get a thing well done he must not do it himself but must get Miss Cleland to do it for him. After the refreshments had been served the dancers adjourned to Cleland's hall where dancing held sway until nearly midnight. Mr. Lindsay addressed the assembled student body at the reception and voiced the general sentiments of the school when he said that we were all very sorry to have the seniors out of our midst. Lilburn Gibson, who spoke in behalf of the Alumni certainly entertained the merry makers in his address. Besides these two speeches there were speeches by each of the presidents of the classes, besides the witty speech by Lucile Cleland, the toast mistress. Gertrude Jamison and Marjory Van Dyke favored us with vocal solos.

The baccalaureate sermon will be preached by Rev. W. T Adams, of the Christian church, at the Victory theatre on next Sunday morning. The graduating exercises of the seniors will be held at the Victory theatre on the evening of the ninth. The class day exercises will be held on Tuesday evening at Cleland's hall. On this program will be the following: History of the class of '15, piano duet, class poem, class will, class horoscope, class prophecy, and oration. All of these functions are public, and every one interested is invited. In the class night program there will also be two farces, "An afflicted Man" and "Too Much Bobby."

On the second, third and fourth of this month there were typewriting tests held for speed records. These tests also count on the final markings in typewriting. The following are the names of those who have reached the required speed and have had certificates awarded them by the Underwood typewriting company: Henry Davidson, Earl Toles, Eva Miller, Ed and Ev. Ellison, Dick Penland, Harold Thompson, Chas. Dawe and Ross Ryder. The highest average that has been made is 57 and eight-tenths words per minute made by Dick Penland. Earl Toles is second with 54, and so on down the line. These records were made by each student writing ten minutes and there being five words counted off for each mistake.

A BAPTIST PASTOR WILL BE CALLED

Next Sunday morning it is expected that the Baptist church will call a pastor to succeed Rev. Dahl. Dr. Spencer is the Pastor-at-large for the Baptists of California, and is here to supply and help the church until the new pastor comes. It is not yet known who it will be. A full membership is expected to be present next Sunday at communion of all persons entitled to join in the call of a pastor. In the morning Rev. Spencer will speak on "Some Fundamentals," and in the evening on "Will a Man Live Again?"

The public are cordially invited and strangers are made welcome. Next week there will be special revival services at the Baptist church every evening at 8, except Saturday. Preacher, Dr. Spencer.

The pastor will preach the sermon Owing to the fact that the order had secured a dispensation to wear their regalia on that day, the memorial could not be postponed to a later date.

S. F. MOTOR CYCLISTS HAVE HARD TIME

A party of San Francisco people who came through here last Saturday for a week end outing in the mountains of this county, had a hard time. T. R. Murray had the bad luck to blow up one of the cylinders on his machine near Willits. The motircycle took fire and he jumped intending to let it burn. However the machine ran on to a culvert and toppled over and Murray then pushed it into the water and put out the flames. It was taken back to Willits and shipped to the city on the train. Murray came on to Ukiah with Wm. Cox in the latter's care and proceeded home via the Northwestern Pacific.

A tandem belonging to one of the same party struck a rock on the Walker valley grade and threw both riders off, then rolled down the bluff about forty feet. It was subsequently pulled back to the road by Mr. Holliday, practically uninjured.

Walter Hargrave came down from Covelo the later part of last week to attend the meeting of the board of education.

OUR RELATIONS WITH GERMANY

The relations of the United States with Germany have become very strained during the past week owing to the unsatisfactory and quibbling tactics pursued by Germany in her reply to President Wilson's note concerning the Lusitania incident. The president, it is thought, will refuse to alter his attitude and has said his last word, and he is right. No modification of his demands should be made. He must be firm.

If the torpedoing of the Lusitania with the consequent death of scores of Americans were the first of Germany's offenses of this nature against the United States there might be some leeway for a compromise, but under the circumstances when representations have been made to Germany on so many past occasions, there can be no backing down.

The series of offenses committed against this country and the unsatisfactory explanations offered in each case by the imperial government would appear to be a deliberately planned attempt to involve us in the war. Germany's motive for this would not be hard to find. As it is now the bulk of supplies used by the allies comes from the United States being imported either directly into the belligerent countries, or, in case of contraband, through neutral ports. Germany cannot maintain an effective blocade against this commerce while the United States remains neutral. If we declare war with her, her submarines would then be free to destroy our ships wherever found, whether bound to neutral ports or otherwise, and whether carrying contraband or other supplies. We would not be able to take any part in the war now going on in Europe, as our remoteness would make this an impossibility. Thus Germany would have everything to gain and nothing to lose by entering into a state of war with us.

It is not likely, however, that President Wilson will declare war unless the imperial government should force him to do so by committing some act which could not be construed in any other light than as a provocative to war. He is more apt to declare an embargo on all commerce with Germany, which, going into that country through neutral ports, is a considerable item toward aiding her to hold out against the armies of the allies. It is earnestly to be hoped that there will be no participation by this country in the war, and that our national dignity may be maintained through other means.

THE MEXICAN SITUATION

President Wilson has intimated in a message addressed to the warring factions in Mexico this week that unless they can reach an agreement and form a stable government soon, this country will find it necessary to recognize some man or group of men there and lend him or them its active moral support. The president states very clearly that we want nothing in Mexico and that our course will be prompted entirely by an earnest desire to "help Mexico save herself and serve her people." The message is at once dignified and firm and no doubt will be received by the Mexicans with the spirit in which it is sent.

WILLITS LETTER

Willits, June 2—Memorial day was fittingly celebrated in this city with a service at the Methodist church, decoration of the graves of the old soldiers and a band concert in the afternoon.

Miss Grace Johnson, daughter of Mr. and Mrs. Robert Johnson, of Laytonville, underwent an operation of a peculiar nature on Sunday last when Dr. Babcock removed a foxtail grass seed from her throat. The operation was successful and the young lady was relieved of a very painful affection. The grass seed lodged under the tongue and a sub-maxillary abcess was removed.

H. Shiminowsky, for the past twelve years a resident of this city, died at the Mt. Zion Hospital in San Francisco on Tuesday morning. Mr. Shiminowsky had suffered for a number of years from a complication of diseases and had only recently returned from a siege at the German Hospital. He leaves a wife, two sons and three daughters. The funeral and interment were in San Francisco.

Willits is proud of two of her daughters one of whom won the honor medal at the Ursuline convent in Santa Rosa at the graduating exercises, and the other won honors in the class play. They are Misses Elizabeth Lancaster, who graduated with the highest honors and her little sister, Pauline, who made such a hit in the class play. The girls are daughters of Mr. P. I. Lancaster, Commissioner to the P. P. I. Exposition and a leading merchant of this city.

H. A. Miller, a well known clarinet player, has been engaged to instruct and lead the municipal band. During the summer season it is the intention of the organization, which numbers some thirty pieces, to play once a week on the street in public concert for the benefit of the merchants and the edification of the public.

The application of a number of property owners on Valley street to the Board of Trustees to revoke the permit granted to Clark & Henery for paving that street was denied at a meeting of the board held Tuesday and the work will proceed as per original plans. This makes approximately 500,000 square feet of paving to be completed within the next 90 days.

An auto bus line making two round trips daily between this city and Ukiah was started Monday by Schram & Pearsol. The big grey 14 passenger car which makes the trip over the state highway with the speed of a bird is drawing the trade and promises to be a paying institution.

J. H. Hughes, a timberman employed in the bark camp at Alder Point, was seriously injured Wednesday when a tree which some companions were cutting fell and struck him full on the back. Two ribs were broken and he received several other severe injuries.

F. M. Smith, a brakeman on the N. W. P. Ry, made a sensational stop of a runaway on Wednesday morning when he swung up to the rear of the wagon and grasped the reins stopping the horse inside of the block.

Robert Farrelly, proprietor of the Eagle Cafe, has assumed the management of the Willits baseball team for the season and has secured the services of some of the best players on the coast, all residents of this city. Grounds have been secured and put in shape and the game will start with a contest between the local boys and the Ukiah Indians on Sunday next. It is Farrelly's intention to have the best team in the amateur class on the north coast and challenges have been sent to all teams in this vicinity for future games.

Emery's 10 day millinery sale begins May 31.

Mrs. H. E. Merrow, of Laytonville, was a Ukiah visitor last Tuesday.

True Status of American Navy

(Continued from 2 weeks ago)

As to Guns

The bureau of ordnance has developed a 14-inch gun that will shoot farther, shoot straighter and hit harder than any gun now in use or known to be designed by a foreign country. Based upon former and current prices in contract for guns and gun forgings we have saved $280,425.33.

As to Powder

Upon my recommendation, congress increased the capacity of the navy powder factory at Indian Head. When the extension now under way is completed, the capacity will be nearly doubled. The cost of manufacture has incidentally been reduced 2.7 cents per pound, saving already in the cost of powder since manufactured, $150,000.

As to Radio

Radio has at last been successfully installed on submarines, and more than 75 other ships, which either had no radio or whose equipment was obsolete, have been supplied with modern equipment. Three entirely new shore stations have been added to the chain: Balboa (Canal Zone), Great Lakes (Ill.), and Tutuila, (Samoa).

As to Air Craft

The European war has emphasized the value of air craft. The navy has lagged behind in this instrument of war. Last year I appointed a board of aviation. It recommended the utilization of the abandoned navy yard at Pensacola as a training and repair station for aviation, and an aviation bureau in the department. This has been done. Upon my earnest recommendation, congress appropriated a million dollars to begin, upon an elaborate plan, the real development of aviation in the navy. It also approved my request to pay aviators an increase of 50 per cent and we are organizing a class of capable aviators. To make immediately effective this feature, three new hydroplanes have just been purchased, which is but the beginning of the work of aviation, now well advanced along the lines of a well considered plan. I regard this as one of the most far reaching steps taken by the Wilson administration.

As to Saving Effected

All this unprecedented increase in the navy has been secured, too, without large increase in appropriations. How? By avoiding unnecessary expenditure ashore, by reducing the cost of work ashore while maintaining its quality and reducing appropriations for enlargement of shore stations, by securing real competition, and by economy. During the four years of Taft, $21,928,572 was appropriated by congress for the public works alone of shore stations. Two naval bills have been passed by the present administration. and they carry together, for the public works of shore stations, a total of $3,920,880. We have greatly reduced expenditures ashore and greatly increased them afloat, and the above figures attest the change for the better. When I became secretary, ships could be built in only two navy yards. We have equipped or are equipping five additional navy yards for the construction of navy craft, and this is being done while at the same time there is a big decrease in appropriations ashore. By securing competition, I saved $1,077,210 in one contract for projectiles. Up to date, by first rejecting all bids and demanding more reasonable figures, I have saved $1,110,034.00 in the purchase of armor plate, securing lower prices than my predecessor secured. In two other bureaus alone last year, $1,800,000 was saved—more than enough to enable congress to re-appropriate one million of the savings for aviation and the balance for submarines. There has been the same character of savings in other ways—too many items to enumerate. So much for the material and preparation. Of course, we need constantly to increase the ships and armament, but the increase in the past two years, larger than in any previous two years in the history of the country, is an earnest of what will come in the regular and orderly and necessary increase of naval equipment.

But of what worth is a ship without well-trained men? What has the Wilson administration done as to personnel? It is a pleasure to tell you that for the first time in years the enlistment is up to the limit prescribed by law, and part of the year we have had a waiting list. Since I became secretary of the navy we have increased the enlistment 5,824 men, enabling us to commission fully 20 submarines, 4 battleships, 4 destroyers, 6 gunboats, 1 battleship, 6 cruisers, and 3 monitors, increasing the total number of commissioned vessels by 41 over the number commissioned on March 1, 1913. I regard this as a great achievement, particularly since the navy had not formerly been able to secure enough men to fill the quota. It has been secured, too, without letting down the standard for admission, which has been maintained,and even raised. For every recruit accepted, five were rejected because they did not come up to our high standard. To what is the increase of our enlistments attributed? The answer is easy: To the establishment of schools, opportunity to see the world, and for promotion afforded enlisted men hitherto denied them. In those two years 13 men have been appointed as assistant paymasters; five as midshipmen at Annapolis; and 12 as ensigns. It is true that prior to the Wilson administration it was possible for an enlisted man to be promoted to be ensign, but in the four years of the Taft administration only three were promoted, while in the two years of the Wilson administration eleven have qualified. How does this happen? The new policy of education and assistance was put into operation in 1913. Now every ambitious and aspiring young enlisted man is given special instruction when he desires it. Upon my recommendation, congress passed an act which gives all the positions of pay-clerk to these enlisted men who can qualify. This opens 200 more places to enlisted men. It is true today as never before that a boy may enlist in the navy and by the display of ability be promoted to the grade of admiral. Not only has the enlistment been increased by 5,824 new recruits, but congress gave us the best reserve bill any nation ever put upon the statute books. While re-enlistments have increased 12 per cent, desertions have decreased 17 per cent. Another incentive to enlistment is the new policy which leaves an open door to young men to retire from the navy other than through the door of the prison; and likewise the modern methods of treating men who have violated rules.

With special emphasis I beg to ask any well-informed man in or out of the service as to the ability and capacity of the various officers whom I have called as advisors and to the heads of the bureaus. You will find that the man selected in each bureau is recognized, both in our own and foreign navies, as an able expert in his line.

One word more: For years there has been unsuccessful insistence that congress should re-establish the grades of admiral and vice-admiral. I earnestly urged the last congress to create these positions. It authorized three of each. Now American naval officers, while abroad, will no longer be outranked by officers of nations with insignificant navies.

I have answered your questions at some length. There are two reasons for the length of my letter:

1. Because these two years have been epoch-making in the navy, distinguished by more wise and progressive naval legislation and more practical achievement than any previous like period (thanks chiefly to a patriotic congress), and

2. Because certain persons, ignorant of their ignorance, and for selfish partisan reasons, have busied themselves with misrepresenting the true condition of the navy, thereby causing some good people to fear that the navy is not now, as in the past, the strong, effective right arm of the republic. All who would learn the truth may be assured that the navy of 1915 is larger, better equipped and in better condition than in any previous year, and that the fleet is becoming more efficient with every passing month. "We shall take leave to be strong upon the sea in the future as in the past" declared President Wilson in his message to congress; and in the interest of the self-respecting peace, which is the only peace worth preparing for, it is devoutly to be hoped that this strength may not be questioned by others or endangered from within. The record above outlined shows that when he promised for the navy, has been fulfilled.

Sincerely yours,
Josephus Daniels,
Secretary of the Navy.

Made from the right crude

More than forty years' experience has taught us which crudes make high-grade efficient lubricants. None but the most suitable are chosen for the manufacture of Zerolene. The fact that Zerolene has made good in actual service, and in all sizes and types of motors, proves that it is made of the *right* crude, and made *right*.
